Residential Plot for sale in Mijas

Building Plot in the heart of Mijas Pueblo. This plot is all about its location - it really does enjoy one of the very best locations in the beautiful village of Mijas. It is situated close to all the shops, restaurants and facilities of the village. This plot is highly recommended for builders or developers who want to build in Mijas or for the discerning buyer who wants to purchase one of the few plots left in Mijas where it is possible to build a private house with sea views.
